

International Journal of Advanced Technology & Engineering (IJATE)

ABOUT THE JOURNAL

The *International Journal of Advanced Technology & Engineering (IJATE)* is a peer-reviewed, scholarly publication committed to advancing research and innovation in cutting-edge technology and engineering domains. Published by **Universal Academic Publishing**, IJATE serves as a global platform for researchers, scientists, engineers, and industry experts to share original research, applied solutions, and technological advancements that address contemporary challenges and opportunities.

The journal aims to bridge the gap between theoretical research and practical implementation, fostering interdisciplinary collaboration to drive technological progress across engineering disciplines. IJATE welcomes high-quality contributions that enhance knowledge, inspire innovation, and promote sustainable and transformative engineering solutions for the modern world.

IJATE is published **quarterly** and accepts submissions from global contributors across academia, industry, and research institutions.

Subject Areas

IJATE invites original research articles, review papers, case studies, and technical notes in (but not limited to) the following areas:

- Advanced Materials Science & Engineering
- Mechanical & Manufacturing Engineering
- Electrical & Electronics Engineering
- Civil & Structural Engineering
- Computer Science & Information Technology
- Artificial Intelligence, Machine Learning & Data Science
- Automation, Robotics & Mechatronics
- Renewable Energy & Sustainable Technologies
- Telecommunications & Networking
- Embedded Systems & IoT Applications
- Nanotechnology & Microelectronics
- Thermal, Fluid & Energy Systems
- Engineering Design & Simulation
- Transportation & Infrastructure Engineering
- Biomedical Engineering & Healthcare Technologies
- Environmental Engineering & Climate Technology
- Smart Cities & Infrastructure Systems

The *International Journal of Advanced Technology & Engineering (IJATE)* welcomes a broad spectrum of manuscript types, including:

- **Conceptual Papers** presenting innovative frameworks, models, or technological approaches.
- **Empirical Research Papers** based on rigorous qualitative, quantitative, or mixed-method analyses.
- **Technical and Industry Case Studies** showcasing practical applications, engineering solutions, and implementation insights.

All submissions undergo a **rigorous double-blind peer review process** to uphold academic integrity, technical relevance, and significant contribution to the field.

IJATE is published **quarterly** (March, June, September, and December) and strives to advance scholarly and applied knowledge that bridges **research, development, and industrial application** in technology and engineering.

ISSN Number (Online)

- **ISSN (Online):** [XXXX-XXXX]

Periodicity:

- The *International Journal of Advanced Technology & Engineering (IJATE)* is published on a **quarterly basis**, ensuring a steady flow of high-quality, peer-reviewed research throughout the year.

EDITORIAL BOARD

The Editorial Board of the *International Journal of Advanced Technology & Engineering (IJATE)* is comprised of a distinguished group of experts from around the world. These individuals are leading researchers, academicians, and practitioners who provide invaluable guidance and oversight to the journal. Their collective expertise ensures the rigorous quality and scholarly integrity of all published works.

- **Editors-in-Chief:**
- **Editorial Board Members:**

Editorial Board Composition

Our Editorial Board is carefully curated to reflect a broad range of subject expertise and a global perspective. The board includes eminent Professors from diverse academic and professional backgrounds, ensuring that all submitted manuscripts are evaluated by highly qualified experts in the relevant fields. This multidisciplinary and international composition allows us to uphold the highest standards of research and to provide comprehensive and fair peer review.

Editorial - Review Process

The Editorial Board is central to our efficient and rigorous peer review process. All submitted manuscripts undergo a preliminary editorial assessment by the Editors-in-Chief to ensure they align with the journal's scope and quality standards. Submissions that pass this initial review are then assigned to relevant Editorial Board members who oversee the peer review.

We adhere to a strict **Double-Blind** peer review process, where manuscripts are evaluated by at least two independent expert reviewers. The Editorial Board is responsible for ensuring compliance with reviewers' recommendations and maintaining clear timelines for the review process. This commitment to a fair, timely, and thorough evaluation ensures the academic merit and originality of every article we publish.

JOURNAL EDITORIAL POLICY

Aims, Objectives, and Scope

The journal is dedicated to providing a platform for academics and researchers to publish their innovative work. The primary goal is to foster intellectual exchange and contribute to the body of knowledge in areas like business, leadership, economics, and social sciences. We publish both theoretical and empirical studies that offer new insights and practical applications.

Types of Articles Accepted

The journal welcomes submissions that cover a wide range of subjects and are categorized into four types:

- **Research Articles:** These can be empirical or theoretical papers ranging from 4,000 to 7,000 words.
- **Conceptual Papers:** This category is for non-empirical, theory-building work.
- **Case Studies:** These are real-world business or leadership-focused analyses.
- **Leadership Perspectives:** These are short, practice-oriented articles between 1,500 and 2,500 words.

Article Processing Charges (APC)

- Per Research Paper: INR 1200
- **Maximum Number of Authors per Article: 3**

Contact and Publication Details The journal is published by **Universal Academic Publishing**. Our dedicated team is committed to upholding the highest standards of academic integrity and professional service.
